

21<sup>st</sup> August 2025

## DECLARATION OF COMPLIANCE – EUDR (2023/1115))

**Regulation (EU) 2023/1115 – EU Deforestation Regulation (EUDR) enters into application on 30<sup>th</sup> December 2025.**

The Imago Group is fully aware of the requirements set out in EUDR and is actively preparing to ensure compliance by the time it comes into force.

EUDR places specific obligations on Operators and Traders such as

- Information gathering
- Risk assessment and mitigation
- Submission of a Due Diligence Statement via the EU's Information System.

As part of the supply chain, The Imago Group recognises its responsibility for information gathering to help ensure that the papers and boards we source are both deforestation free and legally produced. We are committed to working collaboratively with our suppliers to gather and provide the information required as outlined in **Article 9** of the Regulation, enabling our customers to meet their due diligence obligations as Operators and Traders.

The Imago Group is dedicated to supporting our customers in ensuring that all in-scope goods we manufacture on their behalf are fully compliant with the EU Deforestation Regulation. To this end, we strongly encourage our customers to determine their role and responsibilities under EUDR and assess whether their products fall within the scope of the legislation.

The latest guidance from the European Commission can be found here :

[Commission Notice – Guidance Document for Regulation \(EU\) 2023/1115 on Deforestation-Free Products](#)
